Interest in the AAALAC International accreditation program is flourishing in the Pacific Rim region. The number of accredited institutions in the Pacific Rim region recently reached 110, and is projected to continue to grow at a steady pace (see Figure 1). Two-thirds of all international applications for accreditation originate from institutions located in the Pacific Rim, and these applications represent just under one-third of all new applications. Currently the 110 AAALAC accredited institutions are in eleven Pacific Rim countries: Cambodia, India, Indonesia, Japan, Korea, Philippines, P.R. China, Singapore, Taiwan R.O.C., Thailand and Vietnam (Figure 2 next page).
