AAALAC Reprints
Handbook of Facilities Planning
Volume 2 Laboratory Animal Facilities

AAALAC International has received permission from Theorodus Ruys, editor and copyright holder for the Handbook of Facilities Planning, to reprint and distribute this unique text on facility design. Out of print since 1993, the Handbook is a valuable resource for individuals and organizations seeking to renovate or construct a laboratory animal facility.

The Handbook contains details on codes, regulations and standards; laboratory animal facilities planning and design including chapters on architectural finishes and costs issues; as well as sections on equipment selection and mechanical systems.

The publication is available as a searchable CD ROM or as a spiral bound book.
